Family Self-Sufficiency Program

NEED NEW WORKERS?

And want to save money on training new workers?

The Family Self-Sufficiency Program can help. If you hire motivated and reliable workers from our program, we'll subsidize up to 50% of the employee's hourly wage during the training period up to 8 weeks. The maximum amount of subsidy is \$1,500. The subsidy is provided to employers to offset expenses while new employees are learning on the job.

Our goal is to provide our program participants a chance to be successful in their career and become self-sufficient.
